Year 6 children answered confidently to the above questions.

Due to the percentages being so high, I asked them to share their thoughts on the above.

They were able to discuss a multitude of ways that they know behaviour is good, how they learn a lot, how they know they are safe at school, how they know how well they are doing, etc.

Their answers were so confident that I was able to see that they had answered with thought rather than just ticking what they thought might be perceived to be the 'desired' answer.

I feel confident that any adult in school could ask the same set of questions and get a confident response.

Suggestions made by the children were dominated by:

- Change to school uniform colour.
- Girls football club continuing all year with Miss Mac - they love it. The boys also supported the girls with this in their suggestions as they know the girls are disappointed that it is ending.
- More Computing lessons - I spoke to the individuals who said this and confirmed that they've had Computing lessons up until Jan 2018 and that they will be doing more in Summer term.
