Science Activity Afternoon

The Science Activity afternoon was a huge success! Well done to Year 3 & 4 who worked exceptionally hard to create activities which covered a vast number of science topics. The children had great fun visiting the activity stations. The afternoon raised £298; this amount will be matched by the school and the total will now be used as the children embark on the next stage of their topic, where they plan to make use of this to enhance their science studies through a range of resources. Thank you to all who supported the afternoon!
