

## **Y3 Show and Share (Feb 2018)**

### **Parent Questionnaire Analysis**

**100% of the parents said they found the session useful. Comments included:**

- Gives good ideas how to have fun while learning.
- Helps with jargon as I am out of touch.
- It gave me an insight on how to help our children to learn at home.
- It was interesting to see the range of strategies for practising spellings/times tables.
- Able to see how maths is taught in class.
- Very good way of explaining and helping the child to learn.
- Insight into fun techniques to assist children's learning.
- It gave a useful insight into learning methods used.
- It gave me lots of good ideas on how to help my child practice in a fun way.
- Seeing a range of activities and having a go myself.
- It was very useful to see how the children work and learn at school.

**The parents said that the following worked well in the session:**

- Teacher gave handy tips.
- Doing the tasks with the children.
- Time sharing and encouraging daughter.
- Silly sentence writing.
- Playing and interacting with my daughter.
- Whiteboard.
- A bit of explaining followed by a bit of doing.
- The spelling explanations.
- Observing how the children interact in class.
- The multiplication games.
- Working as a pair with my daughter.

**100% of the parents said that the session had given them ideas about how to support their child at home.**

**What would you change about the session?**

All the comments from parents were positive; one extra suggestion was made:

- Would like to learn more about maths methods in general.

**100% of the parents said that they found the resources given useful.**

**Sample of other comments:**

- Would definitely attend again.
- Very good idea to bring us in the classroom very helpful.
- Great session. Thanks.
- I enjoyed it. Thank you.
- Maybe more often.
- Right length, funny and interesting.
