

Homework

Spring Term Homework Grid – Year 5

Please find this half term's homework grid. These are optional tasks for your child to complete at home throughout this half term. Please encourage your child to bring in any homework tasks they complete.

<p style="text-align: center;"><u>English</u></p> <p>Plan and write your own adventure story!</p> <p>Remember to include the following: Setting, characters & plot (what happens – you could maybe include a twist).</p> 	<p style="text-align: center;"><u>RE</u></p> <p>Create a poster on what it means to be an inspirational person.</p> <p>Give examples of inspirational qualities and people that you think about inspirational- these can be people personal to you, celebrities, saints or people no longer on Earth.</p> <p>Link to Bible scripture where you can.</p>	<p style="text-align: center;"><u>Geography</u></p> <p>Name as many countries in Europe as you can (from memory). There are 44! This will take practice but it is a great way to build your knowledge of locations of places. For an extra challenge, you could time yourself and see if you can improve your speed. Get your family involved! Can you beat them?</p> <p>Find that too easy? Name the country and its capital city!</p>
<p style="text-align: center;"><u>Science</u></p> <p>Investigate materials that you have in your house. Find objects that are:</p> <ul style="list-style-type: none"> ❖ Magnetic ❖ Soluble (they will dissolve in water) ❖ Transparent (can see through them) ❖ Stiff vs flexible ❖ Absorbent (will soak up water) ❖ Opaque (cannot be seen through) ❖ Shiny 	<p style="text-align: center;"><u>Geography</u></p> <p>Choose one country from North or South America and create a fact file – this can be presented in any way you choose. Include information on the following:</p> <ul style="list-style-type: none"> • Population (how many people) • Climate & weather • Tourist attractions • Animals that live there • Human and physical features – rivers, mountains, natural disasters, sculptures etc. 	<p style="text-align: center;"><u>Maths</u></p> <p>Improve your maths skills by measuring or weighing items in your house. Estimate the length or weight of the items first and then measure/weigh – how close was your estimation to the correct answer?</p> <p>You will need to use addition and subtraction skills with decimal numbers to do this!</p> <p>Do this for at least 20 items!</p>
